SEE YOU ON THE DOCKS!

Friends

In all these years working with boats, I have had the pleasure to meet some pretty incredible people and a couple of crazies. I am happy to call so many, friends. I have watched their children grow and now are sharing boating with their children. What a wonderful circle boating is.

The greatest gift I received in all these years was having the opportunity to work with so many young people. They kept me young and taught me as much as I ever taught them. I have kept up with their accomplishments and every one of them is a success story. I am so proud of them all!

See you all on the docks soon!

Eric
