

North By Northwest

September 2016

Volume 78

Tentative haul-out date is October 1 & 2, 2016

The time is nearing to think about hauling boats. Bob Uehlein and Ron Decosse will be organizing this fall's lower parking lot haul out and storage. Bob will soon be sending out an email to everyone interested. Remember that the haul out program and all storage is for **NWMYC slip owners of record only!**

Once the crane is set up, plan to start hauling boats Saturday morning, October 1st. The day will start with a meeting in the club house for all participants. If necessary, they plan to finish up on Sunday, October 2nd.

Call Bob at 517-896-2126 if you have any questions.

Boats may not be stored in the upper parking lot before September 6th or before the paperwork is turned in.

Dock box, hose, and ladder reminder.

Don't forget to empty out the contents of your dock boxes when you haul out and disconnect and remove your water hoses. The master deed states that no equipment of any kind shall be stored on the docks or piers during the winter months.

For those of you who lease your slips out remember that no slip will be leased until all misc. attachments are removed from the slip area and the dock box is open, empty, clean and accessible for the tenant. Slips without ladders will not be rented.

It is your responsibility as slip owners to maintain your ladders, dock boxes, and lowered spring boards. Check your ladders for broken steps, etc. Did you mount it properly through the steel and not just the springboard? Does your ladder and lowered spring boards extend into the water? If so you must modify it or remove it for the winter or the ice will! Contact Matt Shindorf to remove it for you, 231-547-6997, for a reasonable fee.

Also, remove any unsightly dock boxes, bumpers, etc. Let's keep the marina looking sharp!

For transient reservations please request through our online form or through Northwest Marine Yacht Club's profile on Dockwa.com

Bulletin Board

Various items of Northwest gear will be on sale in the clubhouse Labor Day weekend. Sept. 3rd & 4th. Stop in and pick up a few items for next summer's wardrobe.

We will be resurfacing the South East outer wall starting the week of September 19, 2016. We hope to do it in sections to try to keep the inconvenience to a minimum.

The pool is tentatively scheduled for closure the week of September 5th.

The dockside water and pumpout will be shut down the week of October 24, 2016 or sooner if weather dictates.

The clubhouse will close for the season on October 29, 2016 and reopen on April 1st 2017. Please do not attempt entry until that time.

The harbor will be closed on November 1 and re-open within 10 days of ice out.

Don't forget to clean the liquids out of your dock box and disconnect your hoses.

If you have not done so, please send your email address to harbormaster@nwmyc.com so that you may be kept updated on club activities.

The Lake Charlevoix region in northern Michigan is ripe for adventure. Located just off of Lake Michigan, Lake Charlevoix is the perfect base for countless day and weekend trips. Sometimes, though, it's nice to stay somewhere familiar, put your feet up and relax.

Northwest Marine Yacht Club, whose slogan is "A port you can finally call home!" is such a place. Founded in 1981, Northwest Marine was Michigan's first "dockominium," meaning boaters can purchase slips at the marina, rather than renew a lease each season. The marina's basic services — including its impeccably clean facilities and friendly staff — contribute to the family-friendly and low-key atmosphere. The marina also offers seasonal rentals, a swimming pool, a fire pit, picnic areas, free Wi-Fi, and shower and laundry facilities.

However, Northwest Marine's homey and tranquil atmosphere doesn't mean it's lackluster; Eric Kammerman, Northwest Marine's harbormaster, says the marina is very socially active. Each year, the marina holds a spring fling, as well as an annual picnic. Kammerman says the social committee usually schedules additional events throughout the season.

The marina is near the public beach and playground, and just a short walk to downtown Charlevoix's shops, markets and restaurants — it's the perfect combination of private yet accessible. Although Northwest Marine does not offer any repair services, there are municipal launch ramps and lifts nearby, and the Irish Boat Shop's extensive service department is within a stone's throw.

"We are walking distance to anything you need," Kammerman says.

There are 207 slips at Northwest Marine for boats up to 55 feet. Kammerman says there are roughly 17 transient slips, depending on which members are out on the water for the day. He recommends boaters call the morning of the day they'd like to dock at a transient slip. For more tech-savvy boaters, the marina will be using Dockwa this season, allowing boaters to reserve a slip directly from their smartphone or computer.

So if you need a place with friendly faces to recuperate for a day (or an entire season), Northwest Marine Yacht Club is there.

"It's a great destination," Kammerman says. "Come in and make it your home." ★
